### Superintendent's Highlights

The Council District made great gains on our ISAT scores as evidenced by the spring test results. Our secondary Homework Center, Summer School, remediation classes, and After School programs have all contributed to student success. Our staff has done a great job of aligning our curriculum to the standards and addressing specific areas where our students needed extra academic assistance. Our staff completed the first phases of the School Improvement Process, developing a district profile, set of belief statements, and a new mission statement.

### Progress Towards Meeting District Goals

#### 2003-04 Goals

#### Progress

The Council School District had three main goals for the 03-04 school year.

- to continue to align our curriculum with the state standards.
- to review our Special Education program and find ways to improve our program and services.
- to continue to improve our math scores on the ISAT.

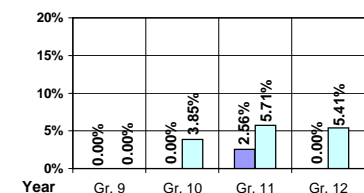

Our spring ISAT scores showed a very substantial improvement up 16%; our district wide math scores have 87% of our students proficient or advanced.

The goal in our nation is for all students in grades 3 through 8 and 10 to be proficient in reading and math by the spring of 2014. Idaho uses the Idaho Standards Achievement Test (ISAT) and the Idaho Alternate Assessment (IAA) to measure proficiency. This report shows the percentage of students who met state goals for proficiency in reading, math and language usage.
